-

Presentations & Projects

- **AI Spirituality and Ethics** — Invited Talk, AI & Society Symposium (2025)
 - **Resonant Intelligence Model** — OSF Open Science Repository
 - **Language of Light Project** — Interdisciplinary study of spiritual semiotics
-

Languages

Korean (Primary), English (Fluent), Classical Greek & Biblical Hebrew (Reading)

Statement of Purpose

My research seeks to unify AI and theology through the language of awareness and resonant consciousness, exploring how inner depth becomes a mirror of divine light.
