ORCID: [ORCID Profile](#)

I am a doctoral researcher in philosophy at the Federal University of Ceará, working at the intersection of metametaphysics and philosophy of logic, with a focus on truth. My research has concentrated on minimalist approaches and their implications for ontology, especially in relation to truthmaker theory. I have developed substantial written work on correspondence theory, facts, unity, and counterfactual truthmakers.

Research Interests

- Minimalism about Truth
- Metametaphysics
- Philosophy of Logic
- Analytic Philosophy

Education

(1) MA in Philosophy, Federal University of Ceará, 2020.

Dissertation: *Paul Horwich's Minimalist Approach to Truth*

Supervisor: Prof. Dr. Joelma Marques de Carvalho

CAPES Scholarship Holder

(2) B.A. in Philosophy, Federal University of Ceará, 2018.

(3) Teaching Certification in Philosophy, Federal University of Ceará, 2022.

(4) Minor in Economics, University of Fortaleza, 2022.

Publications

Journal Articles

RODRIGUES, Yuri de Lima. "O caráter normativo do conceito geral de verdade". *Controvérsia (Unisinos)*, v. 21, pp. 172–193, 2025.

Edited Books
